

LGS Innovations Virtual Career Fair

Calling all Cyber Wireless, Cyber Security Software/Research, Lead Optical Investigators and Electro-Optic Hardware Engineers...

Do you have the experience and the desire to create and deliver secure, innovative networking and communications solutions to solve the U.S. Federal Government's toughest networking and communications challenges?

If so, we invite you to attend the LGS Innovations Virtual Career Fair on January 21, 2014 from 11am - 2pm EST! This is a fantastic opportunity for professionals in the job market to gain direct access to recruiters who are looking for their next great hire. Must be US Citizens capable of obtaining/maintaining a US Government Security Clearance.

Please register for the event using the link below and also apply to openings at lgsjobs.com [1].
